L.O. To multiply mixed numbers

c. 2 X 4 $\frac{1}{3}$ =

1. Complete the calculations. The first one has been done for you.

a. 3 X 1
$$\frac{1}{4}$$

First, multiply the whole number:

$$3 \ X \ 1 = 3$$

Next, multiply the fraction:

$$3 \quad X = \frac{1}{4} = \frac{3}{4}$$

Finally, add your two answers:

$$3 + \frac{3}{4} = 3 \frac{3}{4}$$

b. 3 X 2
$$\frac{1}{5}$$
 =

d. 3 X 2
$$\frac{2}{7}$$
 =

e. 4 X 2
$$\frac{2}{9}$$
 =

f. 3 X 4
$$\frac{2}{8}$$
 =

g. 3 X 3
$$\frac{3}{12}$$
 =

h. 4 X 3
$$\frac{2}{10}$$
 =
