L.O. To understand complex sentences

WORKSHEET TWO

Use the subordinating conjunctions below to make the pairs of simple sentences into a complex sentence. Use each conjunction once only. Try to find the one that fits best with the two simple sentences. Copy your complex sentences in your book.

REMEMBER if the subject's name is repeated, you will need to replace one of the names with a pronoun like *he*, *she*, *his* or *her*.

Before you write the sentences have a think; Do the sentences sound better with the subordinate clause **before** or **after** the main clause?

Don't forget; if the subordinate clause is at the start of the sentence, you will need to place a comma after it.

SUBORDINATING CONJUNCTIONS

<i>while</i>	<i>when</i>	<i>after</i>	<i>although</i>
<i>because</i>	<i>until</i>	<i>before</i>	<i>since</i>
