Doubling Challenge

You will need:

- two counters
- one die
- a number track - draw one similar to mine, or print mine out.

How to play:

1. Put both counters on number 1 at the start of the board.
2. Roll the die.
3. Double the number you roll, and move your counter along the track by this amount.
4. Take turns to play.
5. The first player to reach the end of the number track is the winner.
