Dear Parent or Guardian,

The MEC are a company that visits schools and checks children for head lice. We have been to schools in the area in the past and have helped several families with lice. We are currently unable to visit schools because of covid but would still like to be able to offer our help to families. This combing and treatment service is free, and we can come and visit at home at a time that suits the family.

Our staff are all vaccinated and wear appropriate PPE to visit families in their own homes. All our staff are fully trained, and all hold enhanced DBS checks.

If you would like some help with head lice, please call us on 01223 813696 and leave a message with your name and a contact phone number, or email info@insectresearch.com and we will get back to you.
