

# Shopping Fails

Sometimes shops have special offers. They make their products cheaper, or they give you a discount for buying more.

On these slides, the shops have tried to make their prices more enticing but have failed! Sometimes the maths doesn't add up. Sometimes you save a bit of money but the deal isn't really worthwhile.

Carefully look at each slide. Each time, answer the questions.

1) What's the mistake?

How much do you actually save with the new price?
