

Strange Creature Spotted!

A strange creature was spotted in the woods early on Sunday morning.

It was seen by four animals who live nearby in the woods.

A worried snake told us, "It has terrible tusks and terrible claws. It stomped through the forest with its tail thumping on the ground!"

A frightened fox reported, "It had a poisonous wart at the end of its nose. I heard its favourite food is roasted fox!"

The third witness - an owl - did not want to comment. He was too worried that he was going to get turned into owl ice cream.

The final witness was a mouse, who said, "I'm not scared. Everyone knows I'm the scariest creature in the wood."

Nobody knows where the creature came from. Visitors to the woods should take care.

The creature is about the size of a bear. He is brown with purple prickles on his back, long tusks and a wart on the end of his nose. If you see him, phone 999.

Have you seen this creature?

Bears Burgled!

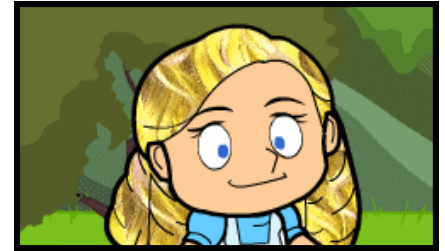

A bear family who live in the forest has had their house broken in to.

The burglary happened early on Saturday morning. A lot of their furniture was broken and their porridge was eaten.

Mr and Mrs Bear and their son, Bobby, were out for a walk in the woods.

"We just went out for a short walk to let our porridge cool down", explained Mrs Bear.

The Bears came back to their house to find the door wide open. Their porridge had been eaten, their chairs sat in and muddy footprints were all over the house.

The girl looked like this.

It was only when the Bears went upstairs that they found the burglar - asleep in Bobby's bed.

She ran away as soon as the bears woke her. Mr Bear told us, "She was small with long blonde hair and a blue dress."

The family is still upset about the burglary. If you were in the woods on Saturday night and saw anything, contact the police.
