

	Learning objective	Main teaching	Activity	Resources	Vocabulary
Monday	To multiply fractions	<p>15mins times tables practise: TT Rockstars or www.timestables.co.uk</p> <p>When multiplying by an integer you just multiply the numerator. The denominator stays the same.</p> <p>We will briefly recap on this in the Zoom lesson.</p>	<p>Complete the problems on the MULTIPLYING FRACTIONS worksheet.</p> <p>If you think you just need to practise multiplying fractions, complete WORKSHEET A. If you are confident complete WORKSHEET B.</p>	worksheet	fractions denominator numerator whole part improper mixed numbers common denominator
Tuesday	To multiply mixed numbers	<p>15mins times tables practise: TT Rockstars or www.timestables.co.uk</p> <p>Multiply the whole number then multiply the fraction. Add your two answers. You may have to convert an improper fraction to a mixed number before adding the answers.</p> <p>We will cover this in the Zoom lesson.</p>	<p>Complete the problems on the MULTIPLYING MIXED NUMBERS worksheet.</p> <p>If you think you just need to practise multiplying a mixed number, complete WORKSHEET A. If you are confident complete WORKSHEET B.</p>	worksheet	fractions denominator numerator whole part improper mixed numbers common denominator
Wednesday	To calculate fractions of quantities	<p>15mins times tables practise: TT Rockstars or www.timestables.co.uk</p> <p>Divide the quantity by the denominator. If the numerator is greater than one, you then have to multiply your answer by it.</p> <p>We will cover this in the Zoom lesson.</p>	<p>Complete the problems on the CALCULATING FRACTIONS OF QUANTITIES worksheet.</p> <p>If you think you just need to practise calculating fractions of quantities, complete WORKSHEET A. If you are confident complete WORKSHEET B.</p>	worksheet	fractions denominator numerator whole part improper mixed numbers common denominator

Thursday	To find a fraction of an amount	<p>15mins times tables practise: TT Rockstars or www.timestables.co.uk</p> <p>Divide the quantity by the denominator. If the numerator is greater than one, you then have to multiply your answer by it.</p> <p>We will cover this in the Zoom lesson.</p>	<p>Complete the problems on the FINDING A FRACTION OF AN AMOUNT worksheet.</p> <p>If you think you just need to practise finding a fraction of an amount, complete WORKSHEET A. If you are confident complete WORKSHEET B.</p>	worksheet	fractions denominator numerator whole part improper mixed numbers common denominator
Friday	To use fractions as operators	<p>15mins times tables practise: TT Rockstars or www.timestables.co.uk</p> <p>Divide the quantity by the denominator. If the numerator is greater than one, you then have to multiply your answer by it.</p> <p>We will cover this in the Zoom lesson.</p>	<p>Complete the problems on the USING FRACTIONS AS OPERATORS worksheet.</p> <p>If you think you just need to practise using fractions as operators, complete WORKSHEET A. If you are confident complete WORKSHEET B.</p>	worksheet	fractions denominator numerator whole part improper mixed numbers common denominator
