

## Lesson 1

LO: To know where our fruit comes from.

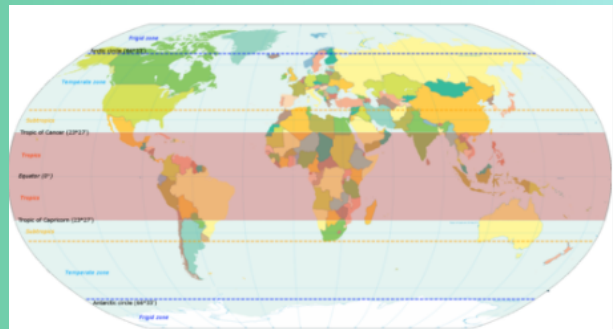

Fruit is grown all over the world.

In the UK, we grow apples, pears, strawberries and many more.

*In tropical countries, where the weather is hot, fruits like bananas and pineapples can grow.*

*The story of  
the banana*

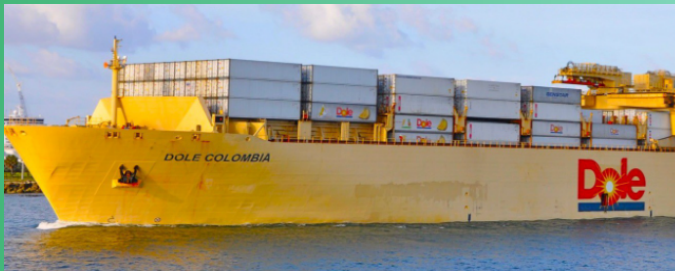

Bananas grow  
on plants.

Then they are  
picked.

*Next they are  
stored.*

Then they are  
transported to  
other countries.

*After that, they are sold in shops.*

*Finally, they are ready to be eaten.*
