

Teddy has £8

Rosie has twice as much money as Teddy.

How much money does Rosie have?

---

Write a fact from the 2 times-table to match the picture.

How much money does Ron have?

How many cookies are there?

A sandwich costs £2 and a box of crayons costs £5

Jack buys 5 sandwiches and 3 boxes of crayons.  
How much does he spend in total?

---

Eva is 7 years old.  
Her gran is 10 times older.  
How old is Eva's gran?

---

Four children each have some money.

Teddy has this money. 

The diagram shows four children: Dora, Rosie, Jack, and Teddy. Dora is at the top left, Rosie at the bottom left, Jack at the bottom right, and Teddy is represented by two 2p coins at the top. Speech bubbles indicate the following relationships:

- Dora: "I have twice as much money as Teddy."
- Rosie: "I have ten times as much money as Dora."
- Jack: "I have five times as much money as Teddy."

Each child's name is in a box below their head.

How much money do they each have?
